

BIGGEST SHIP AFLOAT REACHED NEW YORK TODAY

(Special to The Eagle.)

New York, May 21.—The new Hamburg American liner Vaterland, the biggest ship afloat arrived today on her maiden voyage. When the giant vessel attempted to land at the dock she became unmanageable. Tugs guiding her were pulled about like straws and the Vaterland had to be taken a mile down the Hudson river to prevent her from smashing into a pier.

The Vaterland carried 1,670 passengers, and 1,280 in crew, a total of 2,950 aboard. She made an average of twenty-four miles an hour. The cargo consisted of two thousand barrels of beer.

HUERTA WILL NOT RESIGN.

(Special to The Eagle.)

Vera Cruz, Mex., May 21.—Huerta stated to friends last night that he asked no better fate than to die as president of Mexico. He will not resign, according to advices from the capitol today.

A large force of rebels is threatening Cruz de Piedra, near Queretaro.

EVEN MONEY THAT BECKER

WILL BE ACQUITTED

(Special to The Eagle.)

New York, May 21.—Taking of evidence in the Becker case closed today with the introduction of one witness by the defense and one by the prosecution. The testimony was unimportant. Betting on the East Side is even that Becker will be acquitted.

GEO. COTTON CONFIRMED AS DOETHAN POSTMASTER

The Senate yesterday confirmed the appointment of George Cotton to be postmaster at Dothan. The appointment was sent in a short time ago after Senator Bankhead refused to allow the confirmation of Robert Boyd.

Other postmasters for Alabama confirmed at this time were: Ella M. Harris, York; R. M. Jamison, Talladega; John E. McGee, Carrollton.

Fire Partly Destroys Residence

The roof of a house at 305 South College street, occupied by Mr. McKennon, a freight conductor for the Central of Georgia Railway, and owned by J. W. Baughman, the contractor, was destroyed by fire this morning. Some of the contents of the building were saved.

The firemen were told that the fire was on North College street, and this caused some delay in reaching the scene, the fire fighters having to turn around and go down South College street after they discovered their information had been incorrect as to the location of the blaze.

The house was a six or seven room structure, and was insured for \$700, the value of the building being estimated at \$1,000. It is not known whether the contents were saved.

CITY SCHOOLS TO END WITH BIG COMMENCEMENT

The Dothan City Schools are planning for the largest commencement in their history. There will be several new features this year. The department of instrumental music will give three recitals. Thursday evening, May 27, at 8:15 by Miss Verna Hutton will give a piano recital, assisted by Mrs. Eric Geierstedt and Mrs. Frank McLucas. The second recital will be given Saturday afternoon at 3:00 o'clock by little Miss Katherine Gaines. The third recital will be given Wednesday evening, May 27, at 8:15 by Mrs. Harper's music class. These recitals are quite new features at the Dothan commencements and are being looked forward to with much interest.

There are only a few Grammar Schools in the State of Alabama that have commencement exercises when the pupils complete the Seventh Grade and are ready to be admitted into the High School. For the first time in its history, the Grammar School of Dothan will hold commencement exercises which mark the close of the work of the pupils in the seventh grade, thus preparing them to enter the High School. These exercises will be held at the Grammar School auditorium Friday evening, May 22, at 8:00 o'clock. The pupils who have completed the work as laid down for them in the course of study will take part in these exercises and will receive from the Board of Education certificates of promotion which will admit them into the High School. The fact that they are to pass from the Grammar School building to the High School building will serve to distinguish the two schools and cause the pupils to look forward with more interest to their entering the High School, and will, no doubt, be the means of preventing many from dropping out of school when they are about ready to enter the High School.

The High School commencement exercises begin Sunday morning with a sermon by Rev. H. H. McNeill, D. D., at the Foster Street Methodist Church at 11 o'clock. A procession composed first of the Board of Education, Superintendent, Principals and teachers of the schools and members of the graduating class in the order named will form at the High School at 10:30 Sunday morning and march to the Foster Street Methodist Church where seats will be reserved for them.

The marshals who will have charge of the procession and act as ushers at the commencement exercises are Miss Corinne Lee, Miss Myrtle O'Neal, Mr. James Dannelly Newton, and Mr. Donald Brinton Hammond.

Monday evening, May 25, at 8:15 the Ciceronian and Franklin Literary Societies will hold their declamation and reading contest. The readers are Miss Blanche Burkes, Miss Katherine Logan, Miss Mary Brown, Miss Sarah Farmer. The declamation contest will consist of declamations by Mr. Jack Paulk and Mr. Herman Jones. This program will be followed by a contest entitled the "Flower Queen," by Odoardo Barri given by the eighth grade under the direction of Miss Linda Nowlin, supervisor of the Department of Music.

Tuesday evening, May 26, at 8:15 the debate between the Franklin and Ciceronian Literary Societies will be held. The question for discussion is, "Resolved that the United States coast wise vessels entering the Panama canal should be exempted from the payment of tolls." The affirmative side of the question will be upheld by Mr. Hoffman Dykes and Mr. James Edward Woods. The negative by Mr. Ben Hill, and Mr. Norman B. Spann. These two evenings will be interspersed with piano, vocal and instrumental musical selections. The Dothan High School orchestra will furnish music and the Boys' Glee Club and the Girls' Glee Club will also give numbers. The orchestra and Glee Clubs and the chorus work are under the direction of Miss Linda Nowlin. Mrs. Lila Edward Harper's music class will, also, render selections.

The graduating exercise of the Senior Class will be held Wednesday morning, May 27, at 10:00 o'clock, and will consist of President's address, by Mr. Eldridge Melton; Class History by Miss Mary Stewart; Last Will and Testament, by Miss Johnnie Ross; Class Poem, by Miss Mary Ida Flowers; Prophecy, by Miss Annie Saxon. The class exercises will be followed by the commencement address which will be rendered by Hon. W. F. Feagin, State Superintendent of Education. Dothan is fortunate in having Mr. Feagin as its speaker on this occasion.

The graduating class this year deserves a great deal of credit for the progress that they have made, especially during the past year, and it is quite fitting that they should have a commencement that would be in keeping with the high character of work that they have maintained.

The class motto, "Euse Quam Videri," is suggestive of the principles for which they have been striving. This class has accomplished several things which are new. They are publishing "The Gargoyle" an annual, at a cost of \$400 which will be out about commencement time.

Their program this year is a very neat one, done in their class colors, green and white. These beautiful programs will be distributed Sunday morning at Foster Street Church.

The High School Alumnae Association will hold its annual banquet and business session Wednesday evening, May 27, at the High School building. The president, Mr. John Crawford has written to the graduates of the High School and has received many favorable answers to the invitation to attend this reunion. The speaker selected last year for this occasion is Mr. Murray H. Matthews, of Florida.

The class this year is the largest class to graduate in the history of the High School since the standard was raised and this, their commencement, promises to be a memorable one.

MAY INVITE UNDERWRITERS Early Garner, R. L. Gaines, E. C. Porter and Ed Wine are in Birmingham today attending the annual meeting of the Southeastern Underwriters Association. An invitation may be extended the association to hold their next annual meeting in Dothan.

YOUNG MAN SHOT WHILE DEFENDING EMPLOYER'S PROPERTY

(Special to The Eagle.)

Tappan, N. Y., May 21.—While heroically defending his employer's property Eugene Haughtaling, a young operator of the West Shore Railroad, was shot to death by two robbers early today. Haughtaling was wounded while summoning help by wire, he then put up a desperate struggle before he was killed. The thieves became frightened and fled with eighteen dollars. Several thousand dollars were left in the safe untouched.

MELLEN MAKES SPOKE

STARTLING REVELATIONS

(Special to The Eagle.)

Washington, May 21.—Continuing New Haven revelations Mellen admitted this morning the New Haven paid twenty million dollars for Rhode Island trolley interests which were worth only eight million. He defended the purchase on the ground of future value. When negotiations for the purchase were about to be broken off, former United States Senator Aldrich used his influence to put the deal through.

WHISKEY DELAY ONLY A BLUFF

City Clerk Lisenby Says He Has Complete Inventory of All the Liquors Ordered Destroyed.

The whiskey situation took a new turn today when City Clerk R. W. Lisenby said that he had a complete inventory of all beer and whiskey which has been tried and condemned by Acting Mayor R. D. Crawford.

The cases were originally tried before Acting Mayor Crawford, Mayor Baker steering clear of the movement. A quantity of the liquors were condemned by Acting Mayor Crawford and yesterday was the date he set for the destruction of the intoxicants. None was destroyed.

President of the Council Crawford said yesterday that Chief of Police Rollins was in Florida on a fishing trip and that he had the key with him.

The morning paper says: "Not being able to distinguish between the goods which were to be destroyed and those in which the case had been appealed, Acting Mayor Crawford played execution, or repressed the whole lot."

While discussing the matter today, City Clerk Lisenby said he had a complete inventory of all intoxicants stored in the whiskeyporium, and with this record, it is said that it would not be impossible to "distinguish between the goods."

The delay of execution on the grounds that the key is missing and that the different lots of whiskey cannot be "distinguished" between, is considered by many to be a bluff. No whiskey has ever been officially destroyed in Dothan, insofar as is known, and the outlook right now for setting a precedent is not bright.

BETTING AGAINST SUCCESSFUL END TO PEACE EFFORTS

MRS. PANKHURST ARRESTED IN BIG SUFFRAGETTE RIOT

(Special to The Eagle.)

London, May 21.—Mrs. Emmeline Pankhurst was arrested at the worst suffragette riot in history this morning. Thousands of women marched on Buckingham Palace to petition the King and Queen. Mounted police charged the women, and suffragettes fought desperately. Scores were injured.

MANONIC MEETING.

CROWDED VESSEL

GOING TO MEXICO

S. O. S. Call from Steamer Carrying Oil Men Back to Tampico.—Vessel Ashore on Mexican Coast.

Galveston, Tex., May 21.—A wireless "S. O. S." call received here tonight from a steamer carrying nearly one hundred oil men back to Tampico, reported the steamer ashore 150 miles from the Mexican port and pounding to pieces.

Another message picked up here said one of the battleships at Tampico was starting to the rescue.

No details of the ship's condition were given in the brief message. Several ships for Tampico have left Gulf ports in the last few days.

FIRST COMMERCIAL USE OF THE PANAMA CANAL

Colon, Panama, May 21.—Three barges laden with sugar from Havana steamships at Panama arrived at Cristobal last evening, after passing through the Panama canal. The sugar was transferred to the steamships Colon and Orizaba for conveyance to Philadelphia, thus completing the first commercial use of the canal.

C. O. D. LIQUOR MARKED TO POINT IN TEXAS

Jefferson City, Mo., May 21.—The right of express companies to refuse C. O. D. shipments of liquor to points in Texas was sustained by the Missouri supreme court today. The decision was in the case of Abram Rosenberger, of Kansas City, Mo., who sought to collect from the Wells Fargo & Co.'s express and from the Pacific Express company, the value of liquors the companies had refused to deliver.

PLANS TO WITHDRAW PART OF THE FLEET

Washington, May 21.—Plans for the withdrawal of a part of the naval force now in Mexican waters were considered at the navy department today. Acting Secretary of the Navy, Roosevelt said that within a fortnight he hoped to withdraw to American waters one division of the Atlantic fleet, consisting of four battleships and five torpedo boat destroyers with a tender.

(Special to The Eagle.)
Washington, May 21.—With the execution of Private Parks by Huerta's troops accepted as a certainty and hope for Council Bluffs practically abandoned military officials here are offering to bet two to one against a successful termination of mediation. Intervention by the United States is quoted at even money.

Huerta's emphatic refusal to resign will wreck peace efforts and diplomats and army and navy officials are a union in the belief that hostilities must come eventually. The administration is strictly enforcing censorship on the Mexican situation and this is believed to be part of the plan to conceal army preparations.

Secretary Daniels announced today that no warship will be withdrawn from the Mexican waters.

Negotiations started at 11:30. The belief that three Huerta delegates will be supplanted by three Carranza representatives became strong today. It is believed the United States would rather deal with Carranzistas, because Huerta is nearing fall.

PEACE PROBLEM STILL COERSED

Mediation Headquarters, Niagara Falls, Canada, May 21.—Opening of negotiations today found the peace problem as confused as ever. None of the attacks would attempt to predict the course of Huerta's representatives. "Eliminate Huerta and divide the land among the people," is the demand of the Americans and there are no indications that President Wilson will compromise this demand.

The Mexicans are expected to fight land division bitterly, but if they have any alternative they have successfully concocted it. The elimination of Huerta will be the first question taken up.

Iowa Paper Tells Of Dothan's Wants

N. T. Cobb, who for seven years was managing editor of the Freeport Journal, has returned to the scenes of his early childhood and is making a decided success as secretary of the Chamber of Commerce at Dothan, Alabama.

Mr. Cobb sold his interest in the Freeport Journal shortly after the death of General Smith D. Atkins last fall. Mr. Cobb is getting out some first class publicity and indicates that Dothan not only has a population of 10,500 but that it has forty miles of paved sidewalks, a municipally owned water works valued at \$200,000, a municipally owned electric light plant, a telephone system under ground, and various and sundry other desirable municipal attributes.

Some of the things Mr. Cobb advised that Dothan wants are 10,000 more people, \$10,000,000 more real estate, 100,000 more population, 100,000 more roads. Chilton (Iowa) Daily Register.

Machine-Made Paint is Superior

for the same reason that makes the Piece of Cloth Better than Another

They are of the same material—why is one better? Compare a piece of linen cloth and a piece of coffee sack—both made of flax. One protects thoroughly, the other does not. To produce a PROPERLY PROPORTIONED and THOROUGHLY COMBINED paint, the skill of an expert manufacturer operating heavy, expensive machinery is necessary. Low Brothers "High Standard" Liquid Paint (ready for use) is an unequalled machine-made paint. It is the product of a third of a century's scientific and practical tests and attention to detail.

THE BYRNE PRACTICAL BOOK-KEEPING.

Teaches business as well as book-keeping and does it by having students transact under the personal supervision of experienced business men through regular business of. Accs, banks, etc., every item of business that goes on their books. The Byrne discards the double ruling red-tape methods. It uses only the simple methods and labor-saving devices of the present day. Each pupil serves an apprenticeship as a retail and wholesale merchant, real estate agent, banker, lumber dealer, etc., draws up all notes, drafts, mortgages, makes out orders, statements, bills of lading and all business papers, ships goods, etc., just as it comes up in actual business. We have demonstrated over and over that this is by far the best and quickest way to learn bookkeeping thoroughly; and the knowledge gained is worth infinitely more than any knowledge of bookkeeping. Pupils remember what they do; they forget what they read about and copy from text book or tablet as in all other systems.

REAL ESTATE

FOR SALE:—

Some of your funds in that land that is always safe and splendidly profitable—OUR REAL ESTATE. Allow us to draw your attention to a few offerings:

42 acres 3 miles west of Dothan on graded road, half in cultivation and other half in long leaf pine timber, no waste land whatever. Price \$47.50 an acre, terms if desired. This tract joins the 70 acre farm owned by Mr. Hall of New York and is very fine character of land.

20 acres three miles west of Dothan, one half mile beyond Flower's Chapel on Wicksburg road, four room house and nearly all in cultivation. Price \$200; one hundred and fifty dollars cash and balance in full.

Forty acre farm one mile from center of Dothan, with good four room house celled throughout. 25 acres in cultivation and 15 acres stumped. Land lies well. You will not find a prettier farm in the county. Price \$3100.00. One hundred dollars cash, \$200 this fall and balance in one, two and three years. It will pay you to look into this proposition.

A beautiful 30 acre tract of land half mile from city limits on graded Brandon Road road, also 10 acres of very fine level land half mile further out. 7 acres of fine long leaf pine timber and balance in cultivation, not a particle of waste land on the forty. Priced right on these two propositions.

A beautiful 20 acre farm on graded Campbellton road 2 miles from Dothan. 65 acres in cultivation and all the farm fenced. At least 75 acres can be put in cultivation. Good four room house, one tenant house and two barns, all in good shape. Price \$40.00 an acre, one-half cash. Can add forty acres of fine land to this place at same price if desired.

175 acre farm one and a half miles this side of Grimes, one four room house and two tenant houses, good four horse farm in cultivation. Very cheap place at 15.00 an acre. One third cash will buy this place and terms given on balance.

A beautiful 40 acre farm in Blocomb and a number of others near Blocomb and Malvern.

Other propositions equally as attractive, both in farm and city property.

J. C. WARREN.

J. C. Warren, a resident of Montgomery during the last two years, died at his home, 812 South Lawrence street, at 2 o'clock Tuesday afternoon after an illness of two weeks. Although Mr. Warren had been in bad health for several months his condition was not considered critical until two weeks ago when the death of his infant son brought on brooding that hastened his death.

Mr. Warren was 26 years old, and is survived by his wife, his mother, Mrs. A. F. Warren, and two sisters, Mrs. D. G. Pleasant of New Orleans and Mrs. J. A. Young of Montgomery.—Montgomery Advertiser.

Mr. Warren was a resident of Dothan for several months and his many friends regret to hear of his death.

J. G. and George Carter, Miss Seale Carter, Mrs. C. E. Miller and Mrs. G. F. McKinnack, were here today from Hialeburg.

Mrs. Irvin and Mrs. How of Greenville, Fla., passed through Dothan yesterday en route to Atlanta.

MIDDLE WEST NEWSPAPERS GIVE DOTHAN PUBLICITY

That Dothan is receiving recognition in the west and middle west is indicated by a number of very friendly letters. Secretary N. T. Cobb of the Chamber of Commerce has received from the leading newspapers in that section, among them The Graph-Herald, The Clinton Leader, The Waterloo (Iowa) Evening Courier, the Dubuque (Iowa) Daily Advertiser, and others. This it is thought, will mean much in the furtherance of the publicity campaign of the local organization.

Handicapped By Poor Eyesight?

You'll Find Relief If You will Let Dr. Maerow Treat You.

There are scores of people right here in Dothan who are handicapped in all their undertakings by poor eyesight. Some of these persons have tried vainly to get relief, but have failed. These are persons to whom he extends special invitation to call and be examined by him. And in case no glasses are needed Dr. Maerow will frankly tell you so. He deems it a crime to put glasses on a person who really does not need them.

When glasses are needed, however, he makes certain as to the lenses that are necessary to correct the defect. As a matter of fact, the lenses fitted by Dr. Maerow are the best made, and he guarantees them. If you have any eye trouble it will take but little of your time, to call and have your eyes examined by Dr. Maerow. That is the certain way to get relief, and that is the certain way to get glasses that are right.

Dr. Maerow can be seen in his office every Thursday, Friday and Saturday, at 111 E. Main street, over the Cash Drug Store.

Dr. C. A. Glover of Ashford was in town this morning.

Mrs. C. E. Miller and Miss Gene Carter of Hialeburg, were here today.

Three Houses at Andalusia Burned

Three buildings at Andalusia, one a three-story opera house, were destroyed by fire this morning about 2:30 o'clock, according to news reaching Dothan today. The walls of the opera house fell on the roofs of a garage and drug store, both of these buildings also being destroyed. The damage is not known.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Panthersville, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and could have sick headaches so bad, at times, that I thought surely I would die. I had different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my thoughts, except one, thought I would die. We advised me to try Black-Draught, and get

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theodore's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family closet.

BIG AGRICULTURAL LAND OPENING.

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres, of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classification prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toll of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold warranty deed and abstract.

The best security on earth is the earth itself, and land is the basis of all wealth. Owners of productive lands are benefiting by the increasing cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,268.46, and that one acre of well-cared for paper-shell pecans, in full bearing, should net its owner as high as \$500 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year. AUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham, and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "Money-making afterward" considerations in this liberal minded opening, similar to those

of the Northern Pacific and other railroads when they granted their lands and we expect to have thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is signed to be the best equipped, most-up-to-date scientific, commercial farm and orchard in existence. It will consist of six thousand acres, and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue here on. While we are arranging to prevent over-cultivation, we will avoid many disappointments such as occurred in other land openings conducted by the United States Government and roads by granting those who register in the number of tracts to be granted, as low as in this commercial farm and orchard, and price, in the hope that they may later lease one of our town sites.

Examination of the land will cheerfully be permitted, and the opening will be held at Dothan, Wayne county, Georgia, one of the finest of the A. B. & A. Railroad, which is located in this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will be necessary at Dothan on the opening day, unless they wish to attend, for there will be favoritism shown anyone. It will be chosen by a committee selected for the purpose. Those registered will be notified of what they have been granted, as soon as possible.

With the ever-increasing population of the country there is no corresponding increase in area of land, and naturally as the population increases, and seeks the land in pursuit of happiness and independence, it will become harder to secure.

The prosperous and contented class of people today are the descendants of those who secured land there when it was plentiful, and the descendants of those who obtained no land now the peasants and slaves. You must see that this may be your last chance to secure in this country without a large outlay of money, so it should not be necessary to urge you at once by forwarding the application for registration attached to this announcement.

A Mahogany Bridge.
An American furniture manufac-
turer who counts his genuine mahog-
any boards as a jeweler counts his
stones would probably burst
into tears if he should go to the
state of Chiapas, in Mexico, and
contemplate a bridge which spans
the Rio Michol, for this entire
structure, which with its ap-
proaches is 150 feet long, with a
width of fifteen feet, is built of
solid mahogany. The bridge is used
both by teams and by foot passen-
gers, and though roughly construct-
ed, is very substantial. None of the
massive timbers was sawed, as there
is not a sawmill in the region, but
all were hewn out with the ax from
the logs. On a New York valuation
at least \$700,000 worth of material
was used in the construction of this
rude country bridge.

Ways of the Gray Wagtail.
As indicative of the conserva-
tive nature of birds a writer calls
attention to the habit of the gray
wagtail, which offers a striking ex-
ample of the undeviating flight of
certain species. This bird passes its
winters in the heart of Africa, and
in summer it is seen everywhere, in
Europe, in Asia and even in Green-
land. It has never been known to
travel to North America from
Greenland. It goes to Greenland
by way of England, the Faroe is-
lands and Iceland. The bird does
not know and will not know any
literary that has not been laid out
by the birds of its species in the
past.

Equity and the Judge.
Equity is a regular thing; for
law we have a measure, know what
to trust to; equity is according to
the conscience of him that is chan-
celler, and as that is larger or nar-
rower so is equity. "In all one, as
if they should make the standard
for the measure we call a foot a
chancellor's foot; what an uncer-
tain measure would this be! One
chancellor has a long foot, another
a short foot, a third an indifferent
one. The same in the chain
that's not so true." — John Selden

SALE OF ARMS STOPPED BY

pose was mainly to minimize danger
of gun fighting in individual quar-
ters. So many persons, including

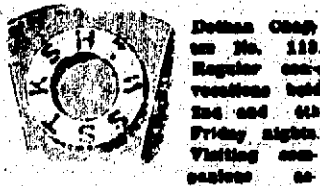

Medicines, residing in Texas, have
purchased arms to increase the
possibility of serious brawls.

"THE GREATEST KIDNEY REMEDY ON EARTH," SAYS A GRATEFUL WOMAN

I want to tell you how much good your Swamp Root did me. About four years ago, I suffered from what the doctors called fistula and for 2 years of that time, I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors medicines without receiving any help. Some one told me about Dr. Kilmer's Swamp-Root.

After giving it a thorough trial, I received relief, so kept on using it and today I am a strong and well woman. If I ever feel badly or out of sorts, I take Swamp-Root and it always straightens me out. I honestly believe that this medicine would cure all troubles you recommend it for and it is a pleasure for me to send my testimony and photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines on earth.

Respectfully yours,

MRS. JOHN BAILY,

West Main street. Portland, Ind.

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove What Swamp-Root Will Do For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention The Dothan Eagle. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

Everything But the Governorship.

The strangest thing about the results in the primaries is that the Corner followers won everything but the governorship—and repeated the performance of four years ago. The legislature is not in accord with the governor nominated, and unless there is a great deal of diplomacy, there is going to be trouble. Perhaps Sam Kennedy can steer the boat over the rocks safely. He can do it if anybody can.—Montgomery Times.

MORE FISHERMEN.

L. W. Orr, W. W. Pitts, Arthur Weathers and J. H. Kornegay, left yesterday for Pine Log Creek, Fla., on a hunt for suckers.

Mr. and Mrs. W. F. Oakley of Columbia, were here today shopping.

Harry Askew, was here from Columbia today.

Mr. and Mrs. A. E. Pace are spending a while at Hampton Springs, Fla.

F. B. Caughlan and Dr. P. O. Chaudron, went to Hartford today.

Mr. G. J. Carter and son, and Mrs. G. F. McKissack, of Haleburg, were here today.

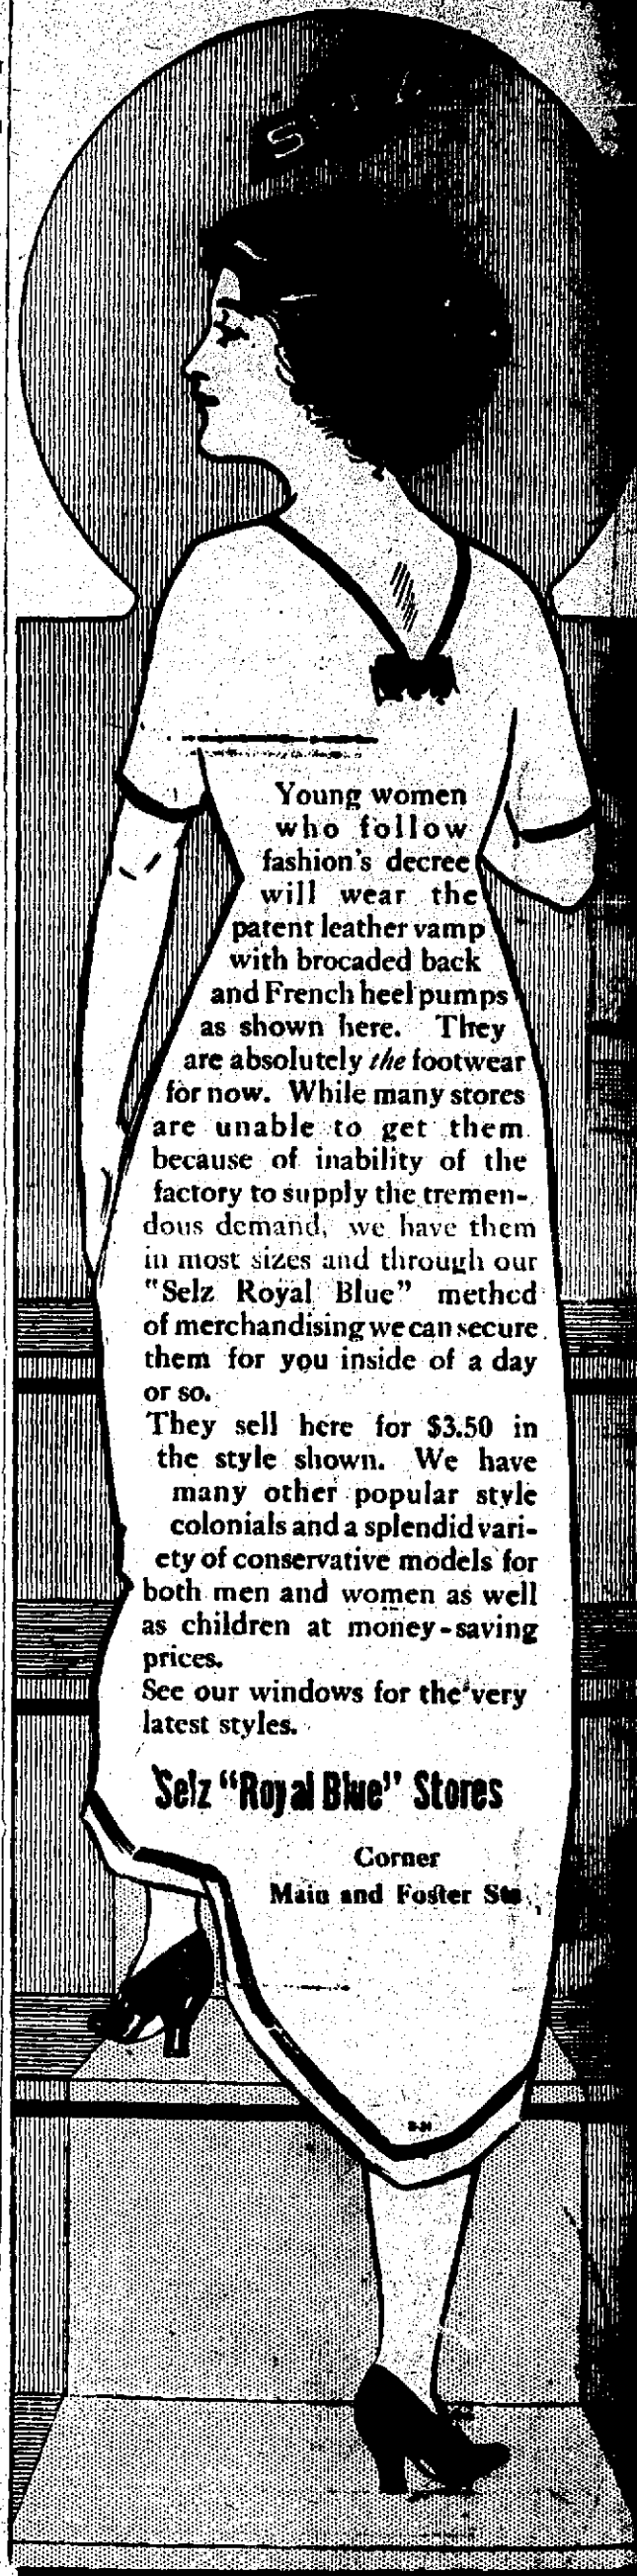

NO REASON FOR IT. WHEN DOTHAN CITIZENS SHOW THE WAY.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ill will fail to heed the words of a neighbor who has found relief. Read what a Dothan citizen says:

Mrs. J. T. Keyton, 104 S. St. Andrews St., Dothan, Ala., says: "My kidneys were in bad shape. I had backaches and pains through my sides. At times I was dizzy and nervous. When I heard about Doan's Kidney Pills, I got a supply from McFallum's Drug Store. They helped me at once and soon put a stop to the trouble. The pains left and my kidneys became normal."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Young women who follow fashion's decree will wear the patent leather vamp with brocade back and French heel pumps as shown here. They are absolutely the footwear for now. While many stores are unable to get them because of inability of the factory to supply the tremendous demand, we have them in most sizes and through our "Selz Royal Blue" method of merchandising we can secure them for you inside of a day or so.

They sell here for \$3.50 in the style shown. We have many other popular style colonials and a splendid variety of conservative models for both men and women as well as children at money-saving prices. See our windows for the very latest styles.

HONEYMOON.

Kansas City Star.

Secretary McAdoo and his bride "slipped away" from the wedding party and started on their honeymoon in secrecy as brides and grooms have done for generations.

The honeymoon, like most human things, is an ancient institution. The debutante at her "coming out" party doesn't reflect that she is the latest successor of prehistoric debutantes whose celebrations may be found reproduced among primitive people throughout the world today; that on the west coast of Africa the debutante is given a parade instead of a party; that in Pat-

agonia a horse is sacrificed in her behalf; that her senior sister celebrates by having a tooth knocked out, and that the paint and powder which she begins to use at this time corresponds to the tattooing of savage maidens who are making their debut into the life of the tribe.

In the same way the celebrations attending a betrothal have their counterparts in the South Sea Islands and elsewhere and the honeymoon is a feature of the wedding ceremonies all over the world. In the Molucca Islands the bride and groom remain in seclusion for three days. Among the Hottentots the honeymoon lasts for forty days.

"When a man hath taken a new wife," says the commandment of Deuteronomy, "he shall not go out to war, neither shall he be charged with any business; but he shall be at home one year, and shall cheer up the wife which he hath taken."

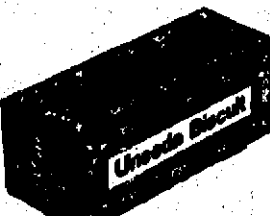

Watuseta brides in East Africa are not supposed to work for a year after the wedding, and during this time they see no man except their husbands.

All these practices date back to the old Stone Age when the man with the stone ax went out hunting for his bride, seized her by the hair and dragged her off to his cave. It was necessary to keep her isolated for a time until she was willing to accept the new order of things. This period grew into the honeymoon.

Miss Julia Park, who has been teaching at Dothan, has returned home.—Troy Messenger.

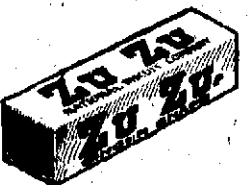

Mrs. W. S. Wilson will entertain the Harmony Club at her home this afternoon at four o'clock.

Miss Lutfelle McLenon, who has been attending Brenau College at Gainesville, Ga., is expected home tonight.
